UPRISING

LOGLINE
A small group battles disparity between two societies, but are soon betrayed. Instead of fighting for change, they must fight each other.

SYNOPSIS
Set in the near future, the new society of Arcadia has been formed to work towards a better future after a nuclear war, leaving behind a colony of settlers. Unable to join with the rest of civilization,the colony relies on care packages sent by Arcadia. When a treaty is broken between the two societies, the colony is left defenseless with only its people to make a stand. A small group of friends find the courage to lead a movement to protect their land, but are changed in the process. When betrayal arises amongst the group, they are forced to turn from their movement to fight each other.

AKASH SHERMAN (Director, Writer)
Akash has had international success with his award-winning short films *FOR THEM, FOR YOU* and *A TEACHING GAME*. As a young director, his aim is to motivate and inspire people with the power of filmmaking.
