

# POST-APOCALYPTICA

## WOULD YOU HAVE WHAT IT TAKES TO SURVIVE?

In the future, the world as we know it has come to an end. All that remains are the ruins of cities and desert wastelands. Food, water, and supplies are scarce; every day is a struggle. A militia has risen up under the leadership of a ruthless dictator and controls what is left of the world, eliminating any who refuse to follow. The only hope is a radio broadcast; a voice that speaks of a resistance, a better future. The film follows Molly, an ordinary girl turned warrior and Spidey, her ninja-like sidekick as they team up with Christoff and Dalton, the leaders of a gang of pirate lunatics to go searching for the resistance. It challenges us to ask, in times of crisis and despair, do we have what it takes to survive?

### MEDIA HOOKS:

The Mayan calendar ending. The rapture. Even y2k. They've all made us wonder what would happen if the world as we knew it ended. How would we survive? Who would we become? Would we be able to hold on to our humanity? We've all thought about it. We want to make a movie about it. About people just like you and I, in a world that has drastically changed. About people doing everything they can, day by day, to survive.

**Nationwide Search for Our Lead!** The character of Molly is complex; strong and determined yet vulnerable. Finding the right actress is key. With Cinecoup and Cineplex's help, we're planning to launch a Canada wide search to find the person the audience is going to connect with the most. This is a competition to find the next great Canadian filmmakers and we want the next great Canadian actress to be the star of it!

**Post-Apocalyptica Cinecoup Filmmakers Screening** On Friday April 26, 2013 from 10:00 p.m. to 11:30 p.m., we will be hosting a screening at the Projection Booth Cinema, located at 1035 Gerrard St. East. The event will celebrate the collaborative nature of independent filmmaking. Our trailer, as well as those from other Cinecoup Top 40 Ontario teams will be shown, along with local filmmakers work.
